SACRAMENTO UPDATE

## **Federal Government Approves IHSS Waiver**

Governor Schwarzenegger announced that the U.S. Department of Health and Human Services and the Centers for Medicare & Medicaid Services had approved the State's request for a waiver to provide Medicaid matching funds for those "residual" parts of the In Home Supportive Services Program that had been funded entirely by the State and counties. The Independence Plus Waiver will provide Federal funding for care provided by parents and spouses of the elderly, and individuals with disabilities, as well as for such services as protective supervision, restaurant meal allowances, and advance monthly payments for their providers. The waiver, which became effective August 1, 2004, will save the State and counties an estimated \$340 million annually during its five-year period, including \$30-35 million for the County.
